

Mobile Citizen: Tag Program

Free Internet Assistance for Schools

Today's learning requires online access and those on the wrong side of the digital divide are being left behind. Mobile Citizen's TAG program provides qualified educational institutions with robust, free mobile Internet and devices to help deliver educational services to all teachers and students inside and outside the classroom.

**Free 4G LTE
Internet and Device
for**

1 year

*with no throttling or overage
charges*

Testimonials from Current TAG Recipients

Mobile Citizen has been very helpful in equipping our teachers with free mobile Internet access for years now. Mobile Citizen has allowed us to concentrate on helping our students without worrying about the costs.

JOE HOLGUIN, Homebound Services

Mobile Citizen's donated free Internet service has allowed our teachers to use high speed mobile Internet in and out of the classroom. It has greatly improved our ability to consistently interact with the digital world, from uploading videos to lesson-planning at home.

CHRISTOPHER HARDESTY, Lincoln Park HS

Necessary Qualifications

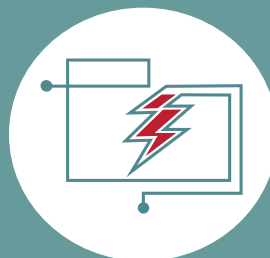

- Proof of accreditation
- W-9 of school or parent district
- Designated Contact

Use it or Lose It!

If device is not used for 3 consecutive months you will be required to return it.

4G LTE Internet

No Throttling

No Overage Charges

Mobile Citizen, a Voqal initiative, aims to advance social equity through access by providing low-cost wireless internet exclusively to nonprofit organizations, educational entities and social welfare agencies. Powered by 4G LTE technology, Mobile Citizen's internet service is available nationwide for a remarkably low cost. We believe that making the internet available at an affordable price contributes to an engaged public and ultimately a more equitable democracy.
